Our current topic is...

Autumn

After a great September, with the children settling in well and making lots of new friends - we are excited to finally enjoy a full day at Nursery. Sometimes, it's best to wait a little longer until a child is ready to stay all day - we are constantly reviewing how the children are coping with the settling in process. Please do not be disheartened if we need to slow things down a little for your child - it really is important the children are settled and happy before we add to their already busy day!

This month we will be enjoying lots of outdoor play, and watching the season change. We are so fortunate to have lovely grounds here at Kings Road - our trees look beautiful through Autumn! We will be focusing on books that fit in with our Autumnal theme such as Owl Babies, Leaf Man and the Little Red Hen.

We have a really exciting visitor to look forward to this month. The Ark Farm will be bringing their 'Autumn Roadshow' to Kings Road on Tuesday 12th October. They will do an interactive show talking about food, farming and animals who hibernate. There will be some animal visitors coming along - including hedgehogs, tortoises and 'micro squirrels'!

October 2021

SOMETHING TO PRACTISE...

We really promote independence here in Nursery - and encourage the children to do as much as possible for themselves. As we change into wellies most days, can you please practise getting your child to take their shoes off by themselves and put them back on.

TEXTILE BIN

We hope you have spotted our textile bin at the front of the Nursery building. This service, provided by Cookstown Textile Recycling sends clothes to developing countries, and we receive a payment from the charity every time the bin is emptied. Please do think of us next time you're clearing out and drop your bags in - if the bin is full, just give the bags to a member of staff and we will keep them until it has been emptied.

Thinking ahead - some dates to note...

Half Term closure dates: Mon 25th Oct- Fri 29th Oct

Whitehall Photography in to take individual photos: Mon 1st Nov (first day back after half term)
